ITEM 7 & 8:

In accordance with the provisions of Section 180(1)(a) and 180(1)(c) of the Companies Act, 2013, the following powers can be exercised by the Board of Directors with the consent of the company by a Special Resolution:

- To pledge, mortgage, hypothecate and/or charge all or any part of the moveable or immovable properties of the Company and the whole or part of the undertaking of the Company;
- To borrow money, where the money to be borrowed, together with the money already borrowed by the Company will exceed the aggregate of the Company's paid-up share capital and free reserves and securities premium, apart from temporary loans obtained from the company's bankers in the ordinary course of business, except.

The Board is of the view that in order to further expand the business activities of the Company and for meeting the expenses for capital expenditure, the Company may be further required to borrow money, either secured or unsecured, from the banks/financial institutions/other body corporate, from time to time, and to pledge, mortgage, hypothecate and/or charge any or all of the movable and immovable properties of the Company and/or whole or part of the undertaking of the Company.

The Board of Directors of the Company proposes to increase the limits to borrow money upto Rs. 150 Crores (One hundred and fifty crores) and to secure such borrowings by pledging, mortgaging, hypothecating the movable or immovable properties of the Company amounting up to Rs. 150 Crores (One hundred and fifty crores).

It is, therefore, required to obtain fresh approval of members by Special Resolution under Sections 180(1)(a) and 180(1)(c) of the Companies Act, 2013, to enable the Board of Directors to borrow money in excess of the aggregate of the paid up share capital and free reserves of the Company and to create charge on the assets over the Company under the Companies Act, 2013.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the said resolutions.

The Board recommends the Special Resolution set out at Item No. 7 & 8 of the Notice for approval by the Members.

ITEM 9:

Pursuant to the provisions of Section 186(3) of the 'Act', where the giving of any loan or guarantee or providing any security or the acquisition of securities exceeds the limits specified in Section 186(2) of the 'Act', prior approval by means of a Special Resolution passed at a General Meeting is necessary. In terms of Rule No.11(1) of the Companies (Meeting of Board and its Powers) Rules ('Rules'), where a loan or guarantee is given or security has been provided by a company to its wholly-owned subsidiary or a joint venture, or acquisition is made by a holding company, by way of subscription of securities of its wholly-owned subsidiary, the requirement of Section 186(3) of the 'Act' shall not apply, however it will be included for the purpose of overall limit. In the normal course of business, the Company may be required to give loans or guarantees or make investments in excess of the limits specified in Section 186(2) of the 'Act'.

Pursuant to the provisions of Section 186(2) of the Companies Act, 2013

('Act'), the Company shall not directly or indirectly: -

- (a) give any loan to any person or other body corporate;
- (b) give any guarantee or provide security in connection with a loan to any other body corporate or person; and
- (c) acquire by way of subscription, purchase or otherwise, the securities of any other body corporate, exceeding sixty percent of its paid-up share capital, free reserves and securities premium account or one hundred percent of its free reserves and securities premium account, whichever is higher.

Accordingly, it is proposed to seek prior approval of Members vide an enabling Resolution to provide loans, guarantees and make investments up to a sum of Rs. 150 crores (one hundred & Fifty Crores) over and above the aggregate of free reserves and securities premium account of the Company at any point of time.

None of the Directors or Key Managerial Personnel of the Company (including relatives of Directors and Key Managerial Personnel) is in any way, whether financially or otherwise, concerned or interested, in the said resolution.

The Board recommends the Special Resolution set out at Item No.9 of the Notice for approval by the Members.

ITEM 10:

As per the provisions of Section 185 of the Companies Act, 2013, no company shall, directly or indirectly, advance any loan including any loan represented by a book debt, to any of its Directors or to any other person in whom the Director is interested or give any guarantee or provide any security in connection with any loan taken by him or such other person. However, in order to promote ease of doing business, the entire Section 185 of the Companies Act, 2013 has been substituted vide Companies (Amendment) Act, 2017 and the same was notified by the Ministry of Corporate Affairs on 7th May, 2018

In terms of the amended Section 185 of the Act, a company may advance any loan, including any loan represented by a book debt, to any person in whom any of the Directors of the Company is interested or give any guarantee or provide any security in connection with any loan taken by any such person, subject to the condition that approval of the shareholders of the Company is obtained by way of passing a Special Resolution and requisite disclosures are made in the Explanatory Statement. The management is of the view that the Company may be required to invest surplus funds, if available in its wholly owned subsidiary Companies or to any other body corporate(s) in which the Directors of the Company are interested, as and when required. Hence, as an abundant caution, the Board decided to seek approval of the shareholders pursuant to the amended provisions of Section 185 of the Act to advance any loan, including any loan represented by book debt, to its subsidiary

company(ies) (Indian or overseas) or other body corporate(s) in whom any of the Directors of the Company is interested or to give guarantee or provide any security in connection with any loans/ debentures / bonds etc. raised by its subsidiary company(ies) (Indian or overseas) or other body corporate(s) in whom any of the Directors of the Company is interested up to an aggregate amount of approved by the shareholder of the Company under Section 186 of the Company Act, 2013 over and above the limit of 60% of the paid-up share capital, free reserves and securities premium account of the Company or 100% of free reserves and securities premium account of the Company, whichever is more.

The Board of Directors recommends resolution as set out in item No. 10 for approval of the members of the Company by way of passing a Special Resolution.

None of the Directors, Key Managerial Personnel of the Company or their relatives or any of other officials of the Company as contemplated in the provisions of Section 102 of the Companies Act, 2013 is, in any way, financially or otherwise, concerned or interested in the resolution

Management Discussions and Analysis forming part of Directors' Report for the year ended 31st March, 2022

Industry Structure and Development

India is the world's third-largest casting producer after China and the U.S. While China accounts for 40% of the world's 105 million tonnes casting production, the U.S. and India each do between 11 and 12 million tonnes per year. With manufacturing gradually picking up and several emerging sectors opening up new opportunities, the more than \$18 billion Indian foundry or casting industry is looking to double growth rates. Steel Castings Industry is considered to be the backbone of engineering industry serving Automotive, Agriculture, Mining and Earthmoving Equipment Industry and almost all downstream engineering industry. A couple of years ago, the industry was passing through a tough time with many units shutting down due to lack of business. But now, there is optimism. Rising input costs, slow pace of industrial production, infrastructure development and the impact of global slowdown constrained the performance of the industry. In spite of such deficiencies, your company has done well business & earned good profit during the year.

Opportunities & threats

In the future there are more opportunities and people have understood that they would focus on technology as new opportunities are going to provide growth. The Company is undergoing expansion through another plant for increase in production during the financial year 2021-2022. With the opportunities, there is possibility of doubling the growth targets.

The global economy is reviving from slowdown and would offer better business opportunities in near future. Further, stable government placed in India would indicate positive growth signal for an Indian Industry though in near term some short term challenges. Likely increase in the Government spending towards various infrastructure sectors would create a rise in the demand in several sectors of the economy, of which the company would be a beneficiary. Planning Commission, Government of India, has also emphasized on infrastructure development to achieve GDP growth and this would open new opportunities for the business. The company has incurred major capital expenditure during previous financial years and enhanced new business in investment castings. This would cater demand raised in future.

The higher inflation rate resulting in higher interest rate and hike in commodity prices may adversely affect your Company's financial performance. The Company does not foresee any other threat, as Company is working with modern technology and continues on development of quality products as per the need of market to adverse the risk of slow down.

Outlook

India's growth story was, till recently, quite attractive in comparison with many other developed and developing economies. However, the nation's adverse fiscal deficit and negative current account balance call for some bold rectification measures from the Government. The Government would be focusing on consolidation of the economic recovery through expeditious clearance of existing projects, selective disinvestment and accelerated foreign direct investment through policy reforms. Also, Government's emphasis on infrastructure projects would raise demand from Construction & Mining Equipment Industry in the domestic market. Reforms in global economy indicate positive signal for overseas market. Overall, the market seems to be going on the sluggish pace for the next few months and would have positive note thereafter.

Risk and Concerns

The factors like slowdown in the infrastructure investment can lead to lower order intake. The other factor like power shortages and its cost; increase in labour cost and transportation cost due to petrol/diesel price increase etc. could contribute to inflation. The Company considers good corporate governance as a pre-requisite for meeting the needs and aspiration of its shareholders. The main risk to the Company which may arise is mainly due to Government policies and decisions, Fluctuations in prices of Raw materials, Exchange rate fluctuations, Industry demand etc.

Segment or Product wise Performance

The Company is operating in one segment known as Alloys Steel Castings in the range of static and centrifugal. The product wise comparison is not possible as every product is specific as per order and to the size, shape and alloy mix. Therefore, performance of the Company has to be seen in overall manner and the Company has done reasonably well in the present scenario.

Internal control System and their Adequacy

The Company has developed adequate internal control system commensurate to its size and business. The Company has appointed Internal Auditors, an outside independent agency to conduct the internal audit to ensure adequacy of internal control system, compliance of rules and regulations of the country and adherence to the management policies.

Financial Performance with respect to Operational Performance

During the year under review, your Company has registered revenue of **Rs. 9866.30 Lakhs** as against **Rs. 6,346.57 Lakhs** in the previous year. The Profit before taxes in the current year is **Rs. 652.36 Lakhs** as against **Rs.391.17 Lakhs** in the previous year and profit after taxes are **516.00 Rs. Lakhs** as against **Rs. 325.75 Lakhs** in the previous year.

Independent Auditor's Report

**To,
The Members of,
Nitin Castings Limited**

Report on the Indian Accounting Standards ("Ind AS") Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Nitin Castings Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, the Net Profit, total comprehensive income, changes in equity and its cash flow for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Investments

<p>The Company's Investment Consists of Shares and Mutual Funds.</p> <p>Total Investment of the Company represents 21.67 per cent of the Company's total assets.</p> <p>Investment are made and valued in accordance with policy of the Company and relevant Ind As at fair value through profit or loss account.</p> <p>Refer Note no. 2.2 (K) of "Significant Accounting Policies".</p>	<p>Our Audit procedures for this area included :</p> <ul style="list-style-type: none"> • We assessed appropriateness of the pricing methodologies with reference to Company's valuation policy. • We have verified the investments in Shares with Demat Account and Mutual Funds with the Mutual Fund Statements and PMS funds with PMS Statement. Further, few shares are held by company in physical form which are not verified by us. • For quoted investments, the valuations are recalculated with independent pricing sources.

Other information

The Company's Board of Directors is responsible for the other information. The other information comprises the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibility of Management for Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure A statement on the matters specified in paragraphs 3 of the Order, to the extent applicable.

Annexure-A to the Independent Auditors' Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Nitin Castings Limited of even date)

- (i) (a) (A) The Company has maintained records showing full particulars, including quantitative details and situation of Property, Plant & Equipment;
- (B) According to the information and explanations given to us, the Company has Intangible Asset and the company is maintaining proper records showing full particulars of intangible assets;
- (b) The Company has a regular program of physical verification of its Property, Plant & Equipment by which the Property, Plant & Equipment are verified at reasonable intervals. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. As per the information and explanation given to us by the management, no material discrepancies were noticed on such verification;
- (c) Based on our examination of the property tax receipts for the land we report that, the title in respect of the land, factory buildings and title deeds of all other immovable properties disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date;
- (d) According to the information and explanations given to us, the Company has not revalued any Property, Plant & Equipment or any Intangible Asset. Accordingly, paragraph 3(i)(d) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;
- (e) No proceedings have been initiated during the year or are pending against the Company as at 31st March, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder;
- (ii) (a) The physical verification of inventory has been conducted at reasonable intervals by the management and hence no discrepancies have been found by the management;
- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate from banks at any point of time during the year under audit. The company has filed quarterly returns and statements with such banks and the same are in agreement with the books of account of the Company;
- (iii) (a) According to information and explanations given to us and to the best of our knowledge and belief, the Company has granted interest free unsecured loans, to the companies and LLP's covered in the register maintained under Section 189 of the Act;
- (A) Company does not have any subsidiaries, joint ventures and associates and hence paragraph 3(iii)(a)(A) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;
- (B) The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans or advances other than subsidiaries, joint ventures and associates are as follows: -

Sr. No.	Particulars	Balance as on 1 st April 2021	Loan given during the year	Amount Recd during the year	Balance as on 31 st March 2022

Central Excise	Excise Duty	360.98	Mar, 2010 to Jan, 2014	CESTAT

- (viii) According to the information and explanations given to us, the Company does not have any transactions not recorded in books of accounts that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act 1961. Accordingly, paragraph 3(viii) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;
- (ix) (a) The Company has taken loans and borrowings from lenders but the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender;
- (b) The Company has not been declared wilful defaulter by any bank or Financial Institution or government or any government authority;
- (c) The Company has taken term loans during the year and the loans were applied for the purpose for which the loans were obtained and no amount of the loan is diverted for any other purpose;
- (d) According to the information given to us, the company has raised short-term funds during the year which have not been utilised for the long term purposes;
- (e) According to information and explanation given to us, Company has not taken any fund from any entity or from any person on account of or to meet the obligations of its subsidiaries, associates or joint ventures and hence paragraph 3(ix)(e) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;
- (f) According to information and explanation given to us, the company has not raised loans during the year on the pledge of securities held in its securities, joint ventures or associates companies and hence paragraph 3(ix)(f) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;
- (x) During the year, the company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans and has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, paragraph 3(x)(a) & (b) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;
- (xi) To the best of our knowledge and belief and according to the information given to us, no fraud by the Company or on the Company has been noticed or reported during the year. Accordingly, paragraph 3(xi)(a) & (b) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;

As represented to us by the management, there are no whistle-blower complaints received by the company during the year. Also, the whistle blower mechanism is not mandatory for the company and thus the Clause 3(xi)(c) is not applicable for the company;

- (xii) To the best of our knowledge and belief and according to the information given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable to it;
- (xiii) According to the information and explanations given to us, all transactions with related parties are in compliance with Sections 177 and 188 of the Act wherever applicable and details have been disclosed in the Ind AS Financial Statements as required by applicable accounting standards;
- (xiv) We have not received the Internal Audit report. Hence, we are unable to comment whether the company has an adequate Internal Audit system commensurate with the size and the nature of its business. Hence this amounts to violation of section 138 under Companies Act 2013.
- (xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company;
- (xvi) The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934; hence, paragraph 3(xvi)(a), (b) & (c) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year;
- (xviii) There has been no instance of resignation by the statutory auditor under section 140(2) of the companies act 2013 during the year and accordingly paragraph 3(xviii) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due;
- (xx) As represented to us by the management, Provisions of section 135 of the Companies Act 2013 is not applicable to the company in respect of year under review and accordingly paragraph 3(xx)(a) & (b) of the Companies (Auditor's Report) Order, 2020 ("the Order") is not applicable to the Company;

Annexure - B to the Auditors' Report

(Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act"))

We have audited the internal financial controls over financial reporting of "**Nitin Castings Limited**" ("the Company") as of 31st March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The registered office is located at 202, 2nd Floor, Rahul Mittal Industrial Premises Co. Op. Soc. Ltd., Sanjay Building No. 3, Sir M.V. Road, Andheri (East), Mumbai – 400 059.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES
2.1 Basis of preparation of financial statements:

- a) These financial statements are the separate financial statements of the Company prepared in accordance with Indian Accounting Standards (‘Ind AS’) notified under section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto.

- b) Basis of Preparation

These Financial Statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability

- c) Functional and presentation currency

The Financial statements are presented in Indian Rupees (INR), which is also the Company’s functional currency. All amounts have been rounding off to the nearest Rs. Lakhs, unless otherwise indicated.

d) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

i. An asset treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within 12 months after a reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after a reporting period.

All other assets are classified as non-current.

ii. Liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within 12 months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

All other liabilities are classified as non-current.

iii. Deferred tax asset and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified 12 months as its operating cycle.

e) Use of Estimates and judgment

The preparation of the financial statements requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses during the reporting period. Examples of such estimates include provision for doubtful debts/advances, provision for employee benefits, useful lives of fixed assets, provision for contingencies etc. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results may vary from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively in the year in which the estimate is revised and/or in future years, as applicable.

c) Functional and presentation currency

The Financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounding off to the nearest Rs. Lakhs, unless otherwise indicated.

d) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

i. An assets treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle

- Held primarily for the purpose of trading
- Expected to be realised within 12 months after a reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after a reporting period.

All other assets are classified as non-current.

ii. Liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within 12 months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

All other liabilities are classified as non-current.

iii. Deferred tax asset and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified 12 months as its operating cycle.

e) Use of Estimates and judgment

The preparation of the financial statements requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses during the reporting period. Examples of such estimates include provision for doubtful debts/ advances, provision for employee benefits, useful lives of fixed assets, provision for contingencies etc. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results may vary from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively in the year in which the estimate is revised and/or in future years, as applicable.

2.2 Significant Accounting Policies and Other Explanatory Notes:

I. Significant Accounting Policies

a) Revenue Recognition

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from the sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on the delivery of the goods.

The Company satisfies the performance obligation and recognizes revenue over time, if one of the criteria prescribed under Ind_AS 115 - “Revenue from Contracts with Customers” is satisfied. If a performance obligation is not satisfied over time, then revenue is recognized at a point in time at which the performance obligation is satisfied.

The Company recognizes revenue for performance obligation satisfied over time only if it can reasonably measure its progress towards complete satisfaction of the performance obligation. The Company would not be able to reasonably measure its progress towards complete satisfaction of a performance obligation if it lacks reliable information that would be required to apply an

appropriate method of measuring progress. In those circumstances, the Company recognizes revenue only to the extent of cost incurred until it can reasonably measure outcome of the performance obligation.

The management reviews and revises its measure of progress periodically and revisions, if any, are considered as change in estimates and accordingly, the effect of such changes in estimates is recognized prospectively in the period in which such changes are determined.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component and consideration payable to the customer like return and trade discounts.

Sales are disclosed excluding net of sales returns and Goods and Service Tax (GST).

Income from operations includes revenue earned on account of job work income which is accounted as per the terms agreed with the customers. Export benefits available under prevalent schemes are accounted to the extent considered receivable.

Other income is comprised primarily of interest income, dividend income, gain / loss on investments and exchange gain/loss on foreign currency transactions. Interest income is recognized using the effective interest method. Dividend income is recognized (gross of tax deducted at source, if any) when the right to receive payment is established.

b) Foreign Currency Transactions

Transactions in foreign currencies are initially recorded by the Company at the rate of exchange prevailing on the date of the transaction.

Monetary assets and monetary liabilities denominated in foreign currencies remaining unsettled at the end of the year are converted at the exchange rate prevailing on the reporting date.

Differences arising on settlement or conversion of monetary items are recognized in Statement of Profit or Loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains/(losses).

c) Employee Benefit Expenses

Short term employee benefits

i) Defined Benefit Plans:

Employee defined benefit plans include gratuity

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in the Statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Re-measurement comprising actuarial gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability).

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

The Company makes contribution to a scheme administered by the insurer to discharge gratuity liabilities to the employees.

Short-term employee benefits:

A liability is recognized for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

ii) *Defined Contribution Plans*

Employee defined contribution plans include provident fund, Employee state insurance and Gratuity Fund.

Provident Fund and Employee State Insurance:

All employees of the Company receive benefits from Provident Fund and Employee's State Insurance, which are defined contribution plans. Both, the employee and the Company make monthly contributions to the plan, each equaling to a specified percentage of employee's basic salary. The Company has no further obligations under the plan beyond its monthly contributions. The Company contributes to the Employee Provident Fund and Employee's State Insurance scheme maintained by the Central Government of India and the contribution thereof is charged to the Statement of Profit and Loss in the year in which the services are rendered by the employees.

Gratuity Fund:

The Company makes contribution to a scheme that is funded through an 'Approved Trust'. The Trust has taken a Policy from the Life Insurance Corporation of India (LIC) and the management of the fund is undertaken by the LIC. The Company has no other liability other than its annual contribution."

d) Inventories

All Inventories are valued at the lower of cost and net realizable value.

Raw materials, Stores and Spares and Packing Materials are valued at lower of cost determined on weighted average basis and net realizable value.

Work in process is valued at cost plus appropriate share of labour and manufacturing overheads. Finished Goods are valued at cost plus appropriate share of labour and manufacturing overheads.

e) Property, Plant and Equipment's (PPE)

PPE are recorded at cost of acquisition / construction less accumulated depreciation and impairment losses, if any. Cost comprises of the purchase price net of indirect taxes, if any, and any attributable cost of bringing the assets to its working condition for its intended use.

Spare parts are treated as capital assets when they meet the definition of PPE. Otherwise, such items are classified as inventory.

Any gains or losses on their disposal, determined by comparing sales proceeds with carrying amount, are recognized in the Statement of Profit or Loss.

f) Assets held for sale

Assets held for sale are measured at the lower of carrying amount or fair value less costs to sell. The determination of fair value less costs to sell includes use of management estimates and assumptions. The fair value of the assets held for sale has been estimated using valuation techniques which includes unobservable inputs.

g) Investment Properties

Property that is held for long-term rental yields or for capital appreciation or both, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

h) Depreciation / Amortization on PPE

Depreciation on PPE and investment properties is provided on Straight Line Basis as where the life of 30-60 years is considered based on internal technical estimates. Depreciation on these assets have been provided on the net restated book value prospectively over the remaining useful life as per Schedule II of Companies Act 2013. Freehold land is not depreciated.

i) Capital Work-in-Progress

Projects under construction wherein assets are not ready for use in the manner as intended by the management are shown as Capital Work-In-Progress.

j) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

(A) Lease Liability

At the commencement date, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

(B) Right-of-use assets

Initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

Subsequent measurement**(A) Lease Liability**

Company measure the lease liability by (a) increasing the carrying amount to reflect interest on the lease liability; (b) reducing the carrying amount to reflect the lease payments made; and (c) re-measuring the carrying amount to reflect any reassessment or lease modifications.

(B) Right-of-use assets

Subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the under lying asset.

Impairment

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

Short term Lease

Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the company elected to apply short term lease, the lessee shall recognize the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

As a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever, the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Lease income is recognized in the statement of profit and loss on straight line basis over the lease term.

Transition to Ind_AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has adopted Ind_AS 116, effective annual reporting period beginning 1st April, 2019 and applied the standard prospectively to its leases.

k) Fair Value Measurement

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

l) Impairment of Non-Current Assets

Non-financial assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

m) Cash and Cash equivalents

Cash and cash equivalents include cash at bank and cash in hand and highly liquid interest-bearing securities with maturities of three months or less from the date of inception/acquisition.

Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from the operating, investing and financing activities of the Company are segregated.

In the cash-flow statement, cash and cash equivalents are shown net of bank overdrafts, which are included as current borrowings in liabilities on the balance sheet.

n) Borrowing Costs

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

o) Taxation

i) Current Income Tax

Income tax expense comprises of current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity/OCI, in which case it is recognized in other comprehensive

income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted on the reporting date.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

ii) Deferred Tax

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred income tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

p) Financial Instruments

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

(i) Financial Assets

(a) Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date i.e., the date that the Company commits to purchase or sell the asset.

(b) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

-Financials Assets at Amortized Cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, debt instruments at amortized cost are subsequently measured at amortized cost using the effective interest rate method, less impairment, if any.

Financial assets at fair value through Other Comprehensive Income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial

asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through Profit or Loss (FVTPL)

Financial assets which are not classified in any of the above categories are subsequently fair valued through profit or loss.

(c) De-recognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109.

(d) Impairment

The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through Profit and Loss / OCI. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The company offers different credit policies to its consumers based on the work order received due to which it is practicably impossible to categorize the trade receivables and apply the method of ECL as specified in IND AS 109. Therefore, in order to comply with the provision of IND AS 109, the company has decided to provide for ECL @1% on the Closing Balance of the trade receivables. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is treated as an impairment gain or loss in the Statement of Profit and Loss.

(ii) Financial Liabilities

(a) Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial liabilities are classified, at initial recognition, as at fair value through profit and loss or as those measured at amortized cost.

(b) Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

Financial liabilities at fair value through Profit and Loss:

Financial liabilities at fair value through profit and loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial recognition at fair value through profit and loss.

Financial liabilities measured at Amortized Cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate method except for those designated in an effective hedging relationship.

(c) De-recognition

A financial liability (or a part of a financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

q) Segment Reporting

As the Company operates in only one business the disclosure requirements under Ind_AS 108 – “Operating Segment” is not applicable.

r) Provisions, Contingent liabilities and Assets**(i) Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

(ii) Contingent Liabilities

Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by the future events not wholly within the control of the company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

(iii) Contingent Assets

Contingent Assets are not recognized but are disclosed in the notes to the financial statements.

s) Earnings Per Share

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share are computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

39. Financial risk management objectives

The Company's corporate treasury function provides services to the business, co-ordinates access to domestic financial markets, monitors and manages the financial risk relating to the operation of the Company through internal risk reports which analyse exposures by degree and magnitude of risk. These risks include market risk (including currency risk, interest risk and other price risk), credit risk and liquidity risk.

The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivatives financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limit is reviewed by the management on a continuous basis. The Company does not enter into or trade financial instrument, including derivative financial instruments, for speculative purpose.

Foreign Currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts.

The Company, in accordance with its risk management policies and procedures, sometimes enters into foreign currency forward contracts to manage its exposure in foreign exchange rate variations. The counter party is generally a bank. These contracts are for a period between one day and one year.

Equity Risk

There is no material equity risk relating to the Company's equity investments which are detailed in note 4 "Investments". The Company's equity investments majorly comprises of strategic investments rather than trading purposes.

Interest Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument that will fluctuate because of changes in market rates. The Company's exposure to the risk of changes in market rates related primarily to the Company's non-current debt obligation with floating interest rates. The Company's policy is generally to undertake non-current borrowing using facilities that carry floating interest rate. Moreover, the short term borrowings of the Company do not have a significant fair value or cash flow interest rate risk due to their short tenure.

40. Cash Flow sensitivity analysis for variable rate instrument

The Company does not account for any fixed - rate financial assets or financial liabilities at fair value through profit and loss, and the Company does not have any designated derivatives. Therefore, a change in interest rates at the reporting date would not affect profit and loss for any of these fixed interest bearing financial instruments.

Credit risk management

Credit risk refers to the risk that a counter party will default on its contractual obligation resulting in financial loss to the Company. The Company uses its own trading records to evaluate the credit worthiness of its customers. Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

The credit risk on investment in mutual funds is limited because the counter parties are reputed banks or funds sponsored by reputed bank.

Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has established an appropriate liquidity risk management framework for the management of the Company's short term, medium term and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

All current financial liabilities are repayable within one year.
